

GAUTAM KANNA KANNAPIRAN

Backend Developer

Brampton, Ontario | 647-864-4259 | gautamkanna.exp@gmail.com | [linkedin.com/in/gautam-kanna](https://www.linkedin.com/in/gautam-kanna) | github.com/Gautam-Kanna

SUMMARY

Backend developer with a Computer Science degree and hands-on experience across Java, Spring, and relational/NoSQL databases, building and optimizing production systems in small, fast-moving engineering teams. Track record of measurable technical impact: a 40% Java application performance improvement, a 60% reduction in security vulnerabilities through OWASP best practices, and a MySQL database architecture serving 10,000+ products and 15,000+ customer records. Comfortable owning a feature end-to-end — schema design, API integration, testing, and deployment — with minimal oversight.

TECHNICAL EXPERIENCE

Web Developer

Dec 2022 – Apr 2023

Tacheon Technologies — Markham, Ontario

- Integrated back-end functionality through Java programming, improving site load time by 30% and enabling seamless access to dynamic content for over 5,000 daily users.
- Developed an interactive website using HTML and CSS, driving a 40% increase in user engagement as monthly traffic grew from 10,000 to 14,000 visitors within three months of launch.
- Executed comprehensive testing and debugging across all coded components, reducing error rates by 75% and maintaining site uptime exceeding 99%.

Junior Developer

May 2022 – Dec 2022

EV Breakers — Mississauga, Ontario

- Collaborated with senior developers to enhance Java application performance, achieving a 40% code efficiency improvement and reducing load time from 5 seconds to 3 seconds.
- Implemented OWASP best practices in coding processes, resulting in a 60% reduction in security vulnerabilities detected during testing and ensuring compliance with industry standards.
- Designed and built a B2B ordering interface with tiered pricing logic and dealer account handling for commercial clients.

Application Developer

Jul 2021 – May 2022

Hamsi Cloud 9 Inc — Brampton, Ontario

- Developed a comprehensive MySQL database encompassing over 10,000 unique products and 15,000 customer profiles, streamlining data retrieval and improving website load time by 30%.
- Spearheaded integration of database functionality into the existing website using PHP and Java, driving a 40% increase in customer engagement metrics within the first quarter.
- Engineered an automated data synchronization system between the MySQL server and web platform, reducing manual data-entry errors by 80% and increasing operational efficiency.

TECHNICAL PROJECTS

Simple Chess (2-Player) | Java, Swing

- Built a two-player chess game with a full rules engine (castling, en passant, promotion, checkmate detection) and a click-driven Swing GUI, from scratch with no external libraries.

GitHub: <https://github.com/Gautam-Kanna/Chess>

Expense Tracker | Java

- Built a command-line expense tracker with automatic CSV persistence, category-based spending summaries, and input validation.

GitHub: <https://github.com/Gautam-Kanna/expense-tracker>

Public Restroom Management System

Sep 2020 – Dec 2020

York University — North York, Ontario

- Programmed an Arduino UNO board in C with attached sensors to send stock-level data to a database over Wi-Fi, tracking hand sanitizer/soap dispenser levels.
- Built a Java Swing GUI application to extract dispenser data from the database and alert janitorial staff when supplies ran low.

EDUCATION

Bachelor of Science, Computer Science

Sep 2017 – Aug 2021

York University — Toronto, Ontario

SKILLS

Languages & Frameworks: Java, Spring, Spring Boot, Spring MVC, RESTful API, JSON, PHP, HTML, CSS

Databases: MySQL, PostgreSQL, MongoDB

DevOps & Tools: Docker, Kubernetes, Jenkins, GitLab CI/CD, Git, GitHub, GitLab, Postman

Testing & Practices: JUnit, Mockito, Integration Testing, Microservices Architecture, OWASP Security Best Practices, PCI DSS, GDPR, Problem-Solving, Collaboration

ADDITIONAL EXPERIENCE

Real Estate Salesperson — EXP Realty, Toronto, Ontario

Nov 2023 – Mar 2025

Sales Associate — OSL, Ottawa, Ontario

Mar 2025 – Present

- Client-facing, target-driven roles run independently day to day — ranked 2nd on a high-performing sales team at OSL.
